Privacy Act Statement

Authority – This information is being collected under the authority of 5 U.S.C. § 4115, a provision of The Government Employees Training Act.

Purposes and Uses – The primary purpose of the information collected is for use in the administration of the Federal Training Program (FTP) to document the nomination of trainees and completion of training. Information collected may also be provided to other agencies and to Congress upon request. This information becomes a part of the permanent employment record of participants in training programs, and should be included in the Governmentwide electronic system, (the Enterprise Human Resource Integration system (EHRI) and is subject to all of the published routine uses of that system of records.

Effects and Nondisclosure – Providing the personal information requested is voluntary; however, failure to provide this information may result in ineligibility for participation in training programs or errors in the processing of training you have applied for or completed.

Information Regarding Disclosure of your Social Security Number (SSN) Under Public Law 93-579, Section 7(b) – Solicitation of SSNs by the Office of Personnel Management (OPM) is authorized under provisions of the Executive Order 9397, dated November 22, 1943. Your SSN will be used primarily to give you recognition for completing the training and to accumulate Governmentwide training statistical data and information. SSNs also will be used for the selection of persons to be included in statistical studies of training management matters. The use of SSNs is necessary because of the large number of current Federal employees who have identical names and/or birth dates and whose identities can only be distinguished by their SSNs.

Note: This agreement must be signed by the nominee for Government training that exceeds 80 hours (or such other designated period, less than 80 hours as prescribed by the agency) for which the Government approves payment of training costs prior to the commencement of such training. Nothing contained in this SAMPLE agreement below shall be construed as limiting the authority of an agency to waive, in whole or in part, an obligation of an employee to pay expenses incurred by the Government in connection with the training.

Continued Service Agreement

Employees, who are selected to training for more than a minimum period as prescribed in Title 5 USC 4108 and 5 CFR 410.309, see your supervisor for more information on the internal policies to implement a continued service agreement.

Employees Agreement to Continue in Service

To be completed by applicant:

1. I AGREE that, upon completion of the Government sponsored training described in this authorization, if I receive salary covering the training period, I will serve in the agency three (3) times the length of the training period. If I received no salary during the training period, I agree to serve the agency for a period equal to the length of training, but in no case less than one month. (The length of part-time training is the number of hours spent in class or with the instructor. The length of full-time training is eight hours for each day of training, up to a maximum of 40 hours a week).

NOTE: For the purposes of this agreement the term "agency" refers to the employing organization (such as an Executive Department or Independent Establishment), not to a segment of such organization.

2. If I voluntarily leave the agency before completing the period of service agreed to in item 1 above, I AGREE to reimburse the agency for fees, such as the tuition and related fees, travel, and other special expenses (EXCLUDING SALARY) paid in connection with my training. These fees are reflected in Section C Costs and Billing Information. Note: Additional information about fees and expenses can be found in the Guide to Human Resource Reporting (GHRR).
<http://www.opm.gov/feddata/ghrr/index.asp>
3. I FURTHER AGREE that, if I voluntarily leave the agency to enter the service of another Federal agency or other organization in any branch of the Government before completing the period of service agreed, I will give my organization written notice of at least ten working days during which time a determination concerning reimbursement will be made. If I fail to give this advance notice, I AGREE to pay the full amount of additional expenses 5 U.S.C. 4108 (a) (2) incurred by the Government in this training.

4. I understand that any amount of money which may be due to the agency as a result of any failure on my part to meet the terms of this agreement may be withheld from any monies owed me by the Government, or may be recovered by such other methods as are approved by law.
5. I FURTHER AGREE to obtain approval from my organization and the person responsible for authorizing government training requests of any proposed change in my approved training program involving course and schedule changes, withdrawals or incompletions, and increased costs.
6. I acknowledge that this agreement does not in any way commit the Government to continue my employment. I understand that if there is a transfer of my service obligation to another Federal agency or other organization in any branch of the Government, the agreements will remain in effect until I have completed my obligated service with that other agency or organization.

Human Resources Development (HRD)

Introduction This lesson discusses HRD management processes and career management strategies.

Rationale

Supervisors use HRD processes to maximize employee performance, enhance growth, and strengthen the organization. They must also use training resources prudently, for they'll always have unsatisfied training needs.

Objective

- Define purpose and role of Human Resources Development (HRD).
- Identify supervisors' HRD roles and responsibilities.
- Identify key aspects of HRD policy
- Define ACTEDS.

Purpose of HRD, Continued

What HRD is Not

There are other performance issues which HRD does not directly support.

For example, HRD does not:

- Address the challenge of *low employee motivation*, which is the responsibility of the employee and supervisor.
 - Address the challenge of *determining what an employee should do*, which is the supervisor's responsibility.
 - Address the challenge of *providing necessary supplies, equipment, or job aids*, which are the supervisor's responsibility.
 - Address the challenge of *providing regular performance feedback*, which is the shared responsibility of the supervisor, coworkers, and customers.
-

PERMISS

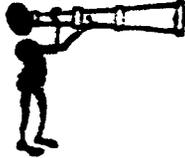

PERMISS (Personnel Management Information and Support System). This is a decision support system designed to provide information and guidance on all areas of HRD and other areas of Army civilian personnel management.

To access information on PERMISS visit *Army Civilian Personnel Online (CPOL)*. <http://www.cpol.army.mil/permis/index.html>

HRD Policies

Introduction This map briefly reviews HRD policies.

Scope

Use government resources to provide training and development that supports:

- The organization's mission, including current and projected duties.
 - Related technology.
 - Management systems.
-

Mission Related

Training is mission related if it:

- Supports the organization's strategic plan.
 - Improve one's current job performance.
 - Allows for expansion or enhancement of one's job.
 - Enables one to perform potentially needed duties at the same level of responsibility as the current job.
 - Meets organizational needs because of HR plans or restructuring.
-

Delegation of Approval Authority

AR 690-400, Chapter 410 allows supervisors to approve short-term training (120 days or less). However, they must be trained and authorized to do this.

Supervisor's Training

Supervisors delegated authority to approve training must submit their own requests to the next higher level for approval.

Caution: Self-review represents a conflict of interest and isn't authorized.

Competitive Training

Use competitive selection procedures when:

- Training would give one employee a competitive advantage over another in promotion or placement.
 - Scarce training resources are allocated.
 - Training is long term (exceeding 120 days).
-

Making HRD Selections

Introduction This map explains the principles for reviewing training requests.

Selection Criteria

The selection of candidates for training involves judgment. Consider:

- Whether the employee will be expected to perform work requiring the knowledge and skill covered by the training
- Whether the training is short term or long term
- Whether the training would give the employee a competitive advantage over other promotion candidates
- Whether funds are available to support the training
- Whether the scheduling of the training is practical
- Whether other more effective or efficient means exist for meeting the employee's HRD needs

Mission

Government funds may be used for training when it will further the performance of the organization's mission. Both an employee's *current and future duties* should be considered in making selection decisions. An employee's duties are not limited to the tasks in the official position description.

Competition

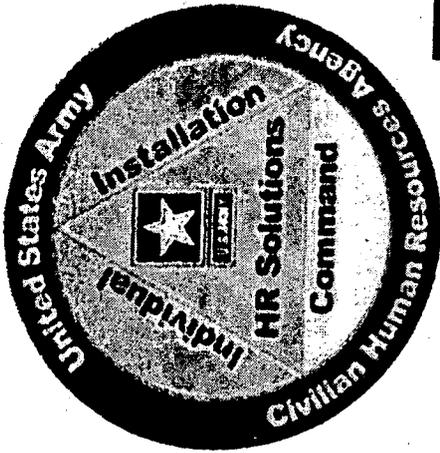

Competitive selection procedures should be used when the education, training, or development experience will prepare the employee for promotion or give the employee a significant competitive advantage over other candidates.

Competitive selection procedures may also be desirable when scarce training resources are distributed, such as university or college tuition assistance funds that may be sought by numerous employees.

Schools

Some government schools and training programs publish selection criteria and describe carefully high-priority and low-priority candidates. Supervisors should consider these descriptions when deciding whom to nominate for such programs.
